NCLB Title I part A, requires our school to have a parent involvement policy for the purpose of informing and providing opportunities for parents to be involved in the educational process of children. Our Parent Involvement Policy includes the following components:

- A Parent Advisory Council will serve as part of the School Improvement Process. Representation includes parents from PTA, Special Populations, and other areas specific to our school.
- Provisions will be made for parents to receive information in a timely manner. Information includes, but is not limited to the following:

  - Student assessment results and interpretation of such results
  - Description of curriculum, State Content Standards, and how student progress is measured.
  - Proficiency levels students are expected to meet.
  - Opportunities for parent meetings to share in educational decision-making.
  - Qualifications of teachers.
  - Timely responses to parent suggestions
  - Inclusion of parents' input on school wide and District project plans.
- Our school will also conduct regular meetings at convenient times for parents throughout the school year for the purpose of planning, reviewing, sharing, information, and organizing school improvement efforts.
- Parents reflecting the cultural diversity of our school will serve on our School Improvement Team. Our School Improvement Team will meet as needed to review and plan school improvement strategies. The School Improvement Team develops school improvement plans, assists in organizing parent involvement activities, and other school-wide programs.
- A School/Parent Contract that outline how parents, entire school staff, and students will share the responsibility for improved student achievement will be sent home for your review.
